Global Industrial Chemical Supply

Sourcing, structuring, & delivering industrial
chemicals for uninterrupted production

Built to keep industries moving without interruption

5000+ MT

MONTHLY SUPPLY CAPABILITY

25+

INDUSTRIAL CHEMICALS

100+

INDUSTRIAL BUYERS

Company Overview

Behind every uninterrupted production line is a supply chain working with precision.

We at Jaydev Multicomm specialize in industrial chemical sourcing and bulk supply solutions for domestic and international markets. We support manufacturers, distributors, water treatment companies, textile processors, detergent manufacturers, and industrial buyers with structured sourcing, logistics coordination, and dependable execution.

Our sourcing model is built around long-term manufacturer relationships, export-ready supply systems, and operational reliability designed for recurring industrial demand.

Our Supply Network

Markets Served

Middle East • Africa • GCC • Southeast Asia • India

Sourcing Partners

Authorized agents for GACL and Grasim Industries, Kutch Chemicals, DCM Shriram, Gujarat Alkalies, GHCL, Reliance-linked supply network, & Verified manufacturer sourcing across India

Industrial Supply, Engineered for Continuity

Industrial procurement depends on consistency, speed, and dependable execution. Our sourcing and logistics systems are designed to support long-term industrial supply continuity.

Reliable Manufacturer Sourcing

Bulk Supply Capability

Export Documentation Support

Competitive Commercial Positioning

Flexible Packaging Solutions

Long-Term Supply Partnerships

Lowest markets rates

Why Companies Partner With Us

Sourcing Leverage

Direct alignment with tier-one chemical manufacturers for specification control and volume priority, by passing spot - market volatility.

Procurement Intelligence

Real-time market positioning, strategic buffer management, and continuous supply optimization tailored for industrial scale.

Executional Logistics

End-to-end management of freight, customs compliance, and port-to- plant delivery for uninterrupted production schedules.

Industries we serve

Water Treatment Solutions

Chemical solutions for municipal water treatment, industrial effluent systems, cooling towers, purification, disinfection, & waste management.

Poly Aluminium Chloride
(PAC)

Sodium Hypochlorite

Calcium Hypochlorite /
Bleaching Powder

Polyacrylamide (PAM)

Biowin

Scalewin

Sodium Metabisulphite
(SMBS)

Non Ferric Alum

Ferric Alum

TCCA

SDIC

EDTA

Detergent, Home Care & FMCG Solutions

Raw materials sourced for detergent manufacturing, FMCG formulations, industrial cleaners, and institutional hygiene products.

LABSA

SLES

STPP

Soda Ash Dense

Sodium Bicarbonate

Speciality & Performance Chemicals

Advanced industrial chemicals, catalysts, intermediates, and performance-enhancing formulations for specialty manufacturing industries.

Anhydrous Aluminium Chloride

Caustic Potash Lye

Caustic Potash Flakes

Performance Additives

Textile & Dyeing Processing Solutions

Industrial chemicals for textile bleaching, dyeing, washing, mercerizing, finishing, and fabric processing applications.

Caustic Soda Flakes

Caustic Soda Lye

Hydrogen Peroxide (H₂O₂)

Wetting Agents

Acetic Acid

Soda Ash Light

Anhydrous Sodium Sulphate

Sequestering Agents

Sulphuric Acid

Sodium Acetate

Beta Naphthol

Chlor-Alkali & Basic Industrial Chemicals

Bulk alkali chemicals sourced for detergent manufacturing, glass processing, textiles, paper, industrial processing, and chemical manufacturing applications.

Caustic Soda Prills

Nitric Acid

Sodium Chlorate

Liquid Chlorine

Phosphoric Acid

Technical Grade Urea

Hydrochloric Acid

Industrial Salt

Sodium Nitrate

Compressed
Hydrogen Gas

Plastic, PVC & Polymer Solutions

Performance chemicals and additives for plastics, PVC compounds, cables, lubricants, paints, coatings, and polymer industries.

Chlorinated Paraffin

Acrylic Acid

Epichlorohydrin (ECH)

Methylene Chloride

Ethyl Acetate

Epoxy Resins

Chloroform

Carbon Tetrachloride

Methyl Chloride

Agrochemical & Fertilizer Solutions

Industrial and agricultural chemicals sourced for fertilizer manufacturing, crop protection, micronutrients, and agrochemical formulations.

Sulphur Powder

Sulphur Granules

Sulphur WDG

Food, Pharma & Healthcare Solutions

Food-grade and specialty chemicals for food processing, pharmaceutical manufacturing, healthcare, and hygiene applications.

Food Grade
Phosphoric Acid

Calcium Chloride

Potassium Carbonate

Hydrazine Hydrate

Energy, Refinery & Infrastructure

Industrial utility chemicals and energy-sector solutions for refinery, infrastructure, drilling, and heavy process industries.

Fuel Oils

Petrochemical Solvents

Bleaching Powder

"Reliable chemistry requires reliable transit. Our logistics framework ensures your raw materials move from global manufacturing hubs to your facility with absolute predictability."

Moving Volume. Managing Complexity.

We handle multi-node shipping routes, strict regulatory clearances, and load-specific handling requirements, ensuring your supply chain remains resilient against market disruptions. Every shipment is sourced through structured manufacturer relationships designed to support long-term industrial supply continuity.

PACKAGING & SHIPMENT

- Jumbo bags & HDPE bags
- Drums (Steel & Plastic)
- ISO tanks & IBCs
- Liquid Tankers
- Container loads (FCL / LCL)
